

REAR BLADE

T/LT & F Series

NVH-180-T

T/TL Series blades are designed for tractors up to 55 hp. Choose between 4 to 8 feet wide moldboards.

NVHF Series blades are the ideal choice for up to 45 hp tractors. Choose between a 5 or 6 feet wide moldboard depending on your needs.

NVHF-180

... harvesting better products!

Ideal for light road maintenance, lawn care, gardening, and other light-duty landscaping applications.

Blades can be used year-around for leveling ground, roadside clearing, and snow removal.

Offset, angle, and tilt options come standard on all models.

End plates allow rear blade to hold in material for filling.
