FRONT END LOADER VH-900 SERIES

The best in value and performance: strong and rugged, the 900 Series front-end loaders are ready for hard work.

Fixed and adjustable valve stands with joystick or two lever control valve are available.

Mechanical self-leveling keeps attachments level when raising and lowering - stack round bales with ease (except VH-900 ER).

1

2

3

High burst pressure phosphatized hydraulic steel tubing and JIC no-leak fittings are standard.

For 60 a 90 hp tractors.

The optional single-lever control provides fast and smooth lift, lower, and dump cycles, making the loader operation faster, easier, and less fatiguing.

Attachment dump linkage provides greater attachment roll-back and dump angle.

Quick-attach components (except VH-900-ER) allow for easy mount and dismount in a matter of minutes.

QuickOn / QuickOff mounting to tractor is accomplished quickly and positive locking prevents movement during operation.

AVAILABLE ATTACHMENTS

	VH-900-ER	VH-900-P	VH-902-DTP
1 Silage Grab	No	No	Yes
2 Grapple Fork	No	Yes	Yes
