

TECHNOLOGY THAT INCREASES PRODUCTIVITY

FRONT-END LOADER

For 15 to 50 hp tractors.

VH-350 / VH-500-ER SERIES

YOUR STRONGEST ALLY

BISON

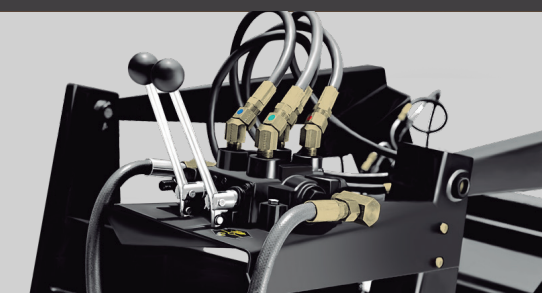

FRONT-END LOADER

VH-350 / VH-500-ER SERIES

Economical loader for a tractor, ideal for work in tight areas where larger tractors are unable to reach.

Valve holder fixed position with joystick (single lever) for VH-350 model. The joystick simplifies operation with simultaneous control of the lift and tilt of the attachment.

Variable valve terminal with two levers for VH-500-ER. Optional equipment: available with joystick.

Quick coupling for easy attachment to the tractor.

VH-500-ER multiplier mechanism allows higher clearance during loading and unloading.

Double-acting cylinders made of highly durable chrome bar.

Hydraulic pipe, high pressure steel finish and standard anti-drip JIC fittings.

The perfect loader for low horsepower tractors. Great lifting capacity at an affordable price.

SPECIFICATIONS

		VH-350	VH-500-ER
